

FEDERATION OF LAW-ABIDING CLUBS

Declaration of Support

The Federation of Law-Abiding Clubs (FLAC) wishes to create an environment of support, networking, and fraternalism. This document declares your commitment not only to the organization, but to the members and clubs of this Federation. In the spirit of fraternalism, we should support the members of the Federation and abide by the principles of Honor, Integrity, Respect and Charity. The purpose of the Federation of Law-Abiding Clubs is to facilitate positive interactions between likeminded individuals and their motorcycle clubs. Education and collaboration are also at the heart of this organization. Our members will only endorse the highest standards set forth within these by-laws and continue to be good stewards within their respective communities. This includes our unwavering stance as a law-abiding entity and one that supports all first responders, including law enforcement officers, in the difficult but necessary work they do. We as a law-abiding Federation do not subscribe to claiming territory, therefore, we recognize the inalienable rights of all motorcycle clubs to fly their patches unhindered in all areas. The bottom rockers we wear that contain the name of our city, county, state, region, country, or some combination thereof, merely indicate the location we are from. Our goal is to create a positive environment of fraternal-ism to network and serve our members. When an individual or club becomes a member of the Federation, they will be given unprecedented access to our quarterly newsletter, club email list, training programs, International Council meetings, regional parties, recognition dinners, invitation to the annual summit, and a unique opportunity to network with law-abiding clubs and their members from across the world. Our Federation patch connects us and proudly shows the world that we are united in a common goal. We encourage all participating Federation members and clubs to wear the patch, but it is non-compulsory. There is also no set location where the patch must be worn. By signing this document, you declare your support to the membership and clubs of this Federation. You further agree to follow the by-laws that are established herein. Most importantly, we are fiercely committed to our stance as a LAW-ABIDING entity that only represents the highest principles and values.
